

UNIVERSITY OF LEEDS

Water Quality Conference 2010

23-24 June 2010
University of Leeds

CALL FOR ABSTRACTS

The 1st International Water Quality Conference

Introduction:

Water Quality 2010 offers a unique forum to discuss the many issues that affect the quality of water, from land management to water treatment processes.

With a changing climate and growing global population, water resources will be under an enormous strain and it is important that water quality is maintained to ensure safe drinking water and water suitable for food production as well as considering the implications for the wider environment. This conference provides an opportunity to discuss current and emerging issues of global water quality relevance.

Conference topics:

- Surface water, groundwater, estuarine/coastal waters
- Nutrient cycling (nitrogen, phosphorus, etc.)
- Agricultural/rural and urban run-off
- Wastewater treatment technologies
- Drinking water treatment
- Monitoring and modelling
- Pollution control and remediation
- Low cost & novel technologies
- Emerging contaminants
- Water policy

Organising Committee Chairs:

Joseph Holden

University of Leeds

George Czapar

University of Illinois

Zhijian Zhang

Zhejiang University

Abstract submission to water@leeds.ac.uk

Please direct all questions to Rebecca Slack (r.slack@leeds.ac.uk; +44 (0)113 343 3373)
Further information and delegate registration can be found on the conference website – <http://www.wateratleeds.org/water-quality-2010>

Location:

The conference is hosted by water@leeds, the water research centre at the University of Leeds. water@leeds is an interdisciplinary research group established at the University of Leeds in 2008 consisting of over 100 researchers and academics.

The University of Leeds is one of the largest single-campus universities in the UK. Close to the centre of the vibrant city of Leeds in the diverse county of West Yorkshire, the University can be accessed from major road and rail networks and the Leeds-Bradford airport.

The conference is one of the most cost-effective of its kind with delegate rates starting at £75 including meals. A range of hotel accommodation is available to suit all budgets.

Call for papers:

Deadline for abstracts – 15 January 2010. Abstracts should be submitted as a Word document and be no more than 500 words in length. It should also include the title, authors, authors' affiliations and contact author's email address, telephone and fax numbers.

Authors of successful abstracts will be notified by 26 February 2010.

Full paper submission deadline – 31 March 2010.
